CHARACTERISTICS

Polished Chrome

- Polished Chrome (26)

PVD Finishes

We are proud to offer the current industry state-of-the-art technology for lifetime anti-tarnish and anti-abrasion finishes – Physical Vapor Deposition (PVD). PVD coating exhibits the highest brilliance, exceptional hardness, the greatest scratch resistance and the most superior anti-tarnish protection available in designer faucetry today. Warranted for a lifetime to the original purchaser.

- Polished Nickel PVD (43)
- Satin Chrome (95)
- Satin Nickel PVD (42)
- Polished Brass PVD (40)
- Satin Brass PVD (41)
- Polished Sigma Gold PVD (44)
- Satin Brass PVD (41)
- Satin Sigma Gold PVD (45)
- Brushed Bronze PVD (23)
- Slate PVD (46)
- Polished Black Nickel PVD (53)

Omega Powder Coated Finishes

Until the advent of PVD finishes, Omega powder coating provided the greatest protection against tarnish available in the industry. Still extremely hard and reliable and now with antimicrobial benefits, powder coating bonds tightly to the underlying brass providing a smooth and clear, yet tough and flexible, coating generally impervious to air and moisture for years. Warranted for five (5) years.

- Satin Nickel Coated (69)

- Antique Bronze (57/34)
- Coco Bronze (63)
- Sable Bronze (80)
- Polished Black (31)

Living Finishes

Living finishes may be plated with metals or have oxidizing agents applied to achieve a craftsman's finish. Such finishes require more careful use and upkeep, but deliver the true mellow, antique appearance valued by designers and architects. The finish frequently changes with touch, may oxidize, and each faucet set is unique. Warranted for workmanship only.

- Polished Nickel Uncoated (49)
- Polished Brass Uncoated (33)
- Oxford Oil Rubbed Bronze (87)
- Black Oil Rubbed Bronze (05)

Antimicrobial Finishes

These specialty finishes retain the luster, beauty, and durability of our faucets while engineered to inhibit the growth of harmful bacteria such as staphylococcus aureus (MRSA) and E-coli by as much as 99.99%.

- Satin Nickel Coated (69)
- Satin Chrome (95)
- Polished Copper (15)
- Antique Pewter Coated (51)
- Antique Brass Coated (82)

Precious Metal Finishes

The epitome of tradition and beauty, precious metal finishes represent the ultimate elegant lifestyle. Available both coated for extra tarnish resistance and durability and uncoated (Polished Gold) due to natural tarnish resistance precious metal finishes are not recommended for extreme use installations and should always receive the utmost care and maintenance. These finishes are coated with the actual metals indicated in their names. Warranted for five (5) years.

- Polished 24K Gold (24)
- Satin 24K Gold Coated (54)

SIGMA®

PRECISION CRAFTED FAUCETRY

Care Information and Ordering Guide

Care Information

To care for any SIGMA fitting, wipe with a clean, soft, damp cloth and blot dry as often as possible. Clean filters & aerators periodically to ensure proper operation. Occasionally apply a non-abrasive and pure polish or wax to prevent water deposits and remove build-up of household soaps, creams and sprays to all finishes except naturally aging finishes such as Black Oil Rubbed Bronze, Oxford Oil Rubbed Bronze.

NEVER use abrasive cleaners or pads or chemical cleaners of any kind (including window cleaner) on any product with a protective coating or custom finish. Such cleaners will attack the protective coating and use will void the finish warranty. Even PVD finishes may be vulnerable over time.

The benefit of real brass is that it can always be restored to its original beauty, but gentle care will improve the life of your fitting in today's environment.

Ordering Notes

Email orders to **orders@sigmafaucet.com**

• All **handles and spout combinations** shown in series have been SIGMA selected. As always, our customers are invited to create their own designs. To order a spout from one set with a handle from another set, choose pricing from the higher priced set.

Example: 300 Mallorca
1.307508
designed by customer

• **Specifications & instructions** are available on our Web site to allow updates. Please visit us at **www.sigmafaucet.com**. Customer service also has the ability to fax or E-mail directly from our system to your system as you choose.

• **Metal buttons** are available as inserts to replace ceramic buttons on request.

• Parts deducted and replaced with SIGMA product will be charged and credited at full price. Parts deducted and not replaced with SIGMA product will be credited at half price. No adjustments will be made on finish upcharges for part deductions. All special finish orders may be nonreturnable, nonrefundable, and may be noncancellable. All parts & part numbers represent current product. If attempting to remedy prior parts, please notify Customer Service and provide time frame.

Product Designation

• All SIGMA sets begin with a 1. designation, and all parts begin with an 18 or 78. Products are identified by series, handle, set and color. The **series** is determined by spout type which is numbered and holds the first two places of any set number after the 1.

• **Handles** are numbered with a two-digit designation placed in the next two number locations. The **set** is also designated with a two-digit number generally; however, we do use three digits in some instances. The last two places are for the finish code, which is again two digits.

Example: 1.201708.42 or 200 series Montreal lav set in Satin Nickel PVD

	Series		Handle		Set			Finish	
1.	2	0	1	7	0	8		4	2

Series 200 (20)

17 - Montreal
55 - St. Michel
78 - Sussex

08 - lav set
90 - 3 hole bidet
020 - sgl hole kitchen

42 - Satin Nickel PVD
26 - Chrome
82 - Antique Brass

• **Split finishes** are called out by listing the predominant finish first followed by a slash and the secondary finish second, i.e. "95/26" or Satin Chrome/Pol Chrome.

AMERICAN FAUCET & COATING CORPORATION
POLICY AND TERMS

Terms	Net 30 Days
Freight	Sigma reserves the right to choose method of shipment and carrier. If special routing or expedited service is requested, we reserve the right to invoice any additional costs incurred. Full freight is allowed on shipments of $3,000 net invoice value, for ground shipments within the contiguous United States. All shipments of lesser value will be sent F.O.B. Vista, California.
Prices	All prices and terms are subject to change without notice.
Claims	All claims for damages or shortages must be made within fourteen (14) days from receipt of goods. The carrier is responsible for all claims due to damage or loss. Our responsibility ceases when the goods are delivered to the carrier. All claims for damage or loss in transit must be filed with the carrier by the customer within 7 days. Request an inspection immediately from the carrier, and hold all packaging materials.
Returns	Goods cannot be returned without and RGA number generated by SIGMA. You may request an RGA at customerservice@sigmafaucet.com. Please include a copy of the original purchase order and indicate the reason for return. Custom orders, precious metal finishes, discontinued products and products shipped more than 6 months prior to request are not returnable. Returns of non-defective materials must be returned in new, re-sellable condition.
Credits	All merchandise accepted by American Faucet & Coatings Corporation for credit is subject to a 25% handling charge. All requests for return of merchandise after 90 days from date of invoice are subject to a 50% handling charge. We reserve the right to refuse returns after 6 months from date of invoice.
Limited Warranty	American Faucets & Coatings Corporation warrants that products are free from manufacturing defects in materials and workmanship for five (5) years from date of invoice. In addition, our finish warranty also provides lifetime coverage for Chrome and PVD finishes and five (5) years for Omega Powder Coated finishes. Living finishes are warranted for manufacturing defects and workmanship only. If any material proves to be defective after inspection by factory, it will be repaired or replaced at our discretion at no charge. However, no claims for labor, shipping costs, or consequential damages will be accepted. (See warranty page for details and exceptions.) This warranty applies only when goods are used for purposes and conditions for which they are intended. This warranty is voided by improper installation, abuse or neglect. Sigma products are not intended for commercial application. All invoices must be paid as invoiced. Credit memos will be issued for errors in invoicing; do not deduct Debit Memos without prior clearance.
Deductions from Payments	American Faucets & Coatings Corporation is not responsible for delays in deliveries due to circumstances beyond its control such as fires, strikes, transportation delays, materials shortages, accidents or other contingencies of similar nature.
Deliveries	We reserve the right to discontinue, alter, modify, or redesign products without liability for the obsolescence of customers' inventories.
Product Changes	The possession of this price list by anyone will not be considered as an obligation or offer by this Company to sell any goods listed herein. All prices herein quoted supersede all prior price lists and bulletins.
General	No order, contract or agreement will become an obligation of American Faucet & Coatings Corporation until accepted, in writing, by the Home Office. These terms and policies shall be deemed to be a part of all such acceptances by American Faucet & Coatings Corporation and shall supersede any conflicting provisions of customers' purchase order.

AMERICAN FAUCET & COATING CORPORATION
POLICY AND TERMS

Product/Finish Warranty: American Faucet & Coating Corporation warrants that products are free from manufacturing defects in materials and workmanship for five (5) years from date of invoice. In addition, our Finish Warranty provides limited LIFETIME coverage for Chrome & PVD Finishes, five (5) years for Omega powder coated Finishes. Living finishes are warranted for workmanship only. If any material proves to be defective after inspection by our company, it will be repaired or replaced at our discretion at
no charge. However, no claims for labor, shipping costs, or consequential damages will be accepted.

What we will do: We will restore any product whose finish proves to be defective back to its original finish at no charge during the appropriate warranty period stated above. Proof of purchase must be provided. After the warranty period, American Faucet & Coatings Corporation will refinish any of its faucets at the prevailing appropriate charge.

What you must do: The faucets must be properly installed according to our instructions and specifications and are for residential use only. The faucets cannot be altered in any way. You must maintain and clean the faucets in accordance with the instructions provided with the product. You must use the
faucet(s) for residential use only.

How to obtain service: Contact our customer service by calling 1-800-960-2284. BATH or send an email to customerservice@sigmafaucet.com. Please have your model number, proof of purchase available so we can better help you.

Do not send us any parts) of your faucets) or its various connecting hoses unless we have contacted you and have sent you an approved RGA form. All transportation charges for returned goods must be paid by the customer.

What is not covered: This warranty does not cover the crystal/glass, or porcelain products of any faucet or the drain assembly or aerator on other than the Chrome or PVD finishes. This warranty also does not cover damage caused by accident, alterations, misuse, abuse, normal wear and tear, lime deposits, direct exposure to salty air or corrosive materials, or the color change that takes place with the passage of time, or use in any manner contrary to American Faucet & Coating Corporation printed instructions. Cartridge warranties vary. Please call factory for details. In the case of in-the-wall installations, American Faucet & Coating Corporation will assume no liability if there is no access. **In no event will we be liable for labor of any kind, incidental or consequential damages.** This warranty is extended in lieu of all other expressed or implied warranties, whether oral or written. **Many installation compounds are harmful to brass and metal finishes. The use of any lead-based or acidic curing adhesive, silicone, mastic, or plumber's putty on or near our finished products will void the finish warranty. Use only sealants which are neutral curing and are not reactive with metal and brass finishes.** American Faucet & Coating Corporation reserves the right to change, modify or alter its products as deemed necessary. This warranty supersedes any other American Faucet & Coating Corporation warranties, whether oral or written.

Unless otherwise contrary to state law governing the purchase, American Faucet & Coating Corporation's liability will not exceed the wholesale price for the American Faucet & Coating Corporation product considered defective. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow exclusion of incidental or consequential damages, so the above limitation may not apply to you.

LIFETIME WARRANTY ON 1/4 TURN CERAMIC DISC CARTRIDGE

Should the ceramic disc cartridge in your faucet ever fail, American Faucet & Coating Corporation will provide a no charge replacement cartridge to the original purchaser of the product. Shipping and handling charges will apply. Labor not included. When ordering replacements, denote for widespread or centerset lavatory, Roman tub, or other. Include age of faucet. (This does not include thermostatic, pressure balance, or diverter cartridges.)

American Faucet & Coating Corporation.
Established 1985.

Trims: Manufacturing Process and Metal Finishing Times

We manufacture all products in solid brass utilizing the following production process.

① **Raw Solid Brass Components** — We stock ~12,000 raw solid brass components for the products that we offer.

② **Pre-Production** — We do all vapor decreasing, satining, and polishing in our manufacturing facility.

③ **After Preparing All Parts** — After preparing all the parts for your order, the parts are coated according the specified metal finish. Lead times vary based on the finish type:

Finish Type	Lead Time
Coated	2-4 weeks
Electroplated	6-8 weeks
PVD	10-12 weeks
Precious Metals	10-12 weeks

④ **Assembly, Water Testing, Packaging** — Add 3 to 5 working days.

Rough Valves Are In Stock

Our rough valves are in stock and ready to ship.

We ship them in 1 to 3 days from our factory in California.

Customers pay the cost of shipping.

Ordering Notes

• All **handles and spout combinations** shown in series have been SIGMA selected. As always, our customers are invited to create their own designs. To order a spout from one set with a handle from another set, choose pricing from the higher priced set.

Example: 300 Mallorca
1.307508
designed by customer

• **Specifications & instructions** are available on our Web site to allow updates. Please visit us at **www.sigmafaucet.com**. Customer service also has the ability to fax or E-mail directly from our system to your system as you choose.

• **Metal buttons** are available as inserts to replace ceramic buttons on request.

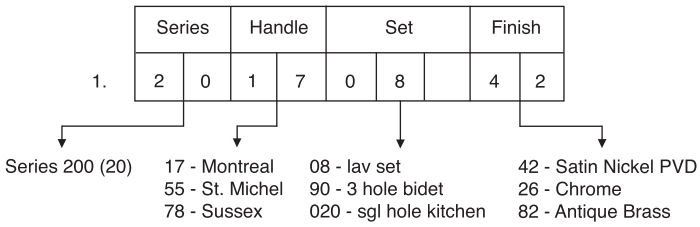

• Parts deducted and replaced with SIGMA product will be charged and credited at full price. Parts deducted and not replaced with SIGMA product will be credited at half price. No adjustments will be made on finish upcharges for part deductions. All special finish orders may be nonreturnable, nonrefundable, and may be noncancellable. All parts & part numbers represent current product. If attempting to remedy prior parts, please notify Customer Service and provide time frame.

Product Designations

- All SIGMA sets begin with a 1. designation, and all parts begin with an 18 or 78. Products are identified by series, handle, set and color. The **series** is determined by spout type which is numbered and holds the first two places of any set number after the 1.

- **Handles** are numbered with a two-digit designation placed in the next two number locations. The **set** is also designated with a two-digit number generally; however, we do use three digits in some instances. The last two places are for the finish code, which is again two digits.

Example: 1.201708.42 or 200 series Montreal lav set in Satin Nickel PVD

- **Split finishes** are called out by listing the predominant finish first followed by a slash and the secondary finish second, i.e. “95/26” or Satin Chrome/Pol Chrome.

- **Decorative rings** for the Seville handle are designated by the part number shown on the series page or simply called out by name, i.e.“ribbon ring.”

Product Numbers and Names

Sigma faucet spouts are designated by a distinctive number, such as 300 Series.

Sigma handles are designated by a distinctive name, such as Montreal handle.

Mixing Designs

You can mix faucet spouts from one series with handles from other series designs. Use the higher price when mixing and matching parts.

Premium Valving Technology

Since 1986

State-of-the-Art American, German, French, Italian, and Hungarian Components

Our premium thermostatic valves are engineered to the highest standards for precise temperature control, performance, comfort, and safety. Our industry-leading valves exceed uniform plumbing codes, are ICC-ES and CSA B125 certified, and UPC listed in USA and Canada.

Our proprietary thermostatic valving brands are Sigmatherm®, Eurotherm®, Simply Safe®, Minitherm, and Butler Mill and Brassworks.®

We design and specify our valving, then partner with the finest technical manufacturers in Europe and USA. Our faucets utilize premium valves and cartridges from these leading brands.

Performance

- Unleaded lavatory sets that exceed NSF 61-9 sanitary standards and California Title 54 requirements.
- Exposed thermostatic systems in all sizes (Eurotherm and Sigmatherm).
- Solid brass construction is the foundation our faucets are built upon.
- State of the art ¼" turn ceramic disc cartridges with lifetime warranty (Fluhs of Germany).
- World's finest thermostatic systems – ½", ¾", 1 ¼", 1 ½" and 2" sizes for residential.
- ½" and ¾" thermostatic valves have the highest flow rates in the world: dual exit ½" at 15 gpm, dual exit ¾" at 32 gpm.
- All Assembly in the USA by American labor force.

Operating Information

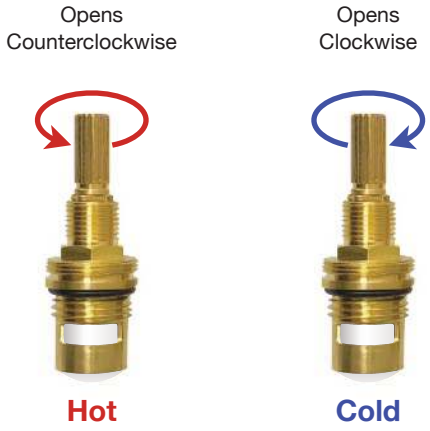

16 Versus 20 Point Valves and Parts

Our valves, cartridges, and related parts are offered with 16 and 20 points (ridges, grooves, or splines). The number of points of a cartridge or stem must equal the number of points in the faucet handle, so they fit together.

Hot Versus Cold Volume Control Cartridges

A hot volume control cartridge is the same as a cold volume control cartridge, except that it opens in the opposite direction. A hot cartridge opens or turns on the water by moving in the counter-clockwise direction. A cold cartridge opens or turns on the water by moving in the clockwise direction.

All flow rates comply with Department of Energy's standards and regulations.
